TYPEFACE

Passkey

Space Grotesk SemiBold for names and lockups;
Space Grotesk Regular for text. SIL Open Font Licence 1.1.
Lockup text is outlined in all SVG/PDF; fonts/ holds the TTFs.

CLEAR SPACE

x = 0.25 × mark height (tight bounding box).
Keep this margin free of type, edges and other graphics.

MINIMUM SIZE

32 px (digital)

10 mm (print)

Mark height. Below this, use the 16 px favicon sprite.
Drawn here at actual size (72 dpi).

DOS AND DON'TS

Do use the supplied files, on dark or mid backgrounds (light version on light), with clear space kept.

Stretch or skew

Recolour

Add shadows or glow

Busy backgrounds

Marks are letter-free; only lockups carry the name. No gradients or glow.
